Woodchip and manure wanted

Location **South East, East Sussex**
https://www.freeadsz.co.uk/x-587604-z

We are a community based project operating in north Hailsham.
The best day for drop off is Wednesday as we have very limited opening times at present.
We are currently looking to expand on our composting project and as such require further materials for composting. Ideally, we are looking for donated waste materials that we can process (manure and woodchip).
We are primarily funded through grants so money is limited and collecting van loads of materials is not proving effective in both time or money.
For further information, please take a look at;
