 Handy - removable - carry strap.

The Blackstar ID:Core 10 is everything you love about Blackstar amps in a portable package!
 With six on board sounds: Warm Clean, Bright Clean, Crunch, Super Crunch, OD 1 and OD 2, which can then be further tailored with on board controls (including the patented ISF control which takes you from British to American sounds) and the ability to deep edit patches via USB!

At the centre of the ID series is the authentic recreation of valve amp dynamics and the ID Core amps are no exception: get all the expression and three dimensional tone that you would from a true valve amp but without the unmanageable volume! The 10w of Power is perfect for use at home giving you great tone but without any noise complaints!

What's more the stereo speaker configuration make it perfect for playing back music via the line-in, which you can jam along to simultaneously!

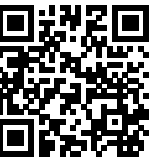

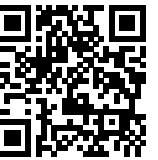

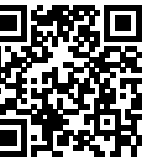

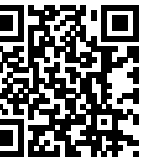

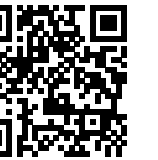

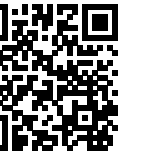

IMPORTANT INFORMATION - Sorry, but I don't respond to texts, so...

Please PHONE John to arrange to inspect or collect.

Can bring to London Victoria Station for serious buyer.

Thank you for your interest

If it is on here it is still for.
