Our Oxbridge application courses are designed to meet the needs of tutees wishing to make an application to read French, German or Spanish (single or joint honours) at one of the world-renowned Oxford or Cambridge (Oxbridge) Universities.

Our Oxbridge application courses have two objectives:

- To guide tutees through the whole process of applying to Oxbridge;
- To prepare tutees thoroughly for Oxbridge admissions tests and interviews.

By understanding how interviews and admissions tests work, and what Oxbridge tutors are looking for, tutees can maximise their potential in application and increase their chances of securing an offer.

Our Oxbridge application courses focus on the following:

Course choice - Tutees are guided through the variety of Modern Foreign Language courses to make sure their chosen course is compatible with their skills, strengths, interests, selected Year 12/13 subjects, and career aspirations.

College selection - Tutees are guided through the process of choosing the College that is most suitable

for them. The placement is an important part of the Oxbridge application process and tutees are advised by their tutors to choose their preferred personal preferences.

Admissions tests - Tutees applying for Oxbridge will be required to complete Oxbridge admissions tests. For Oxford these will be the Modern Language Admission Test (MLAT), the Language Aptitude Test and the Linguistics Test (for tutees whose chosen course is combined with linguistics) or include the study of linguistics in the first year. For Cambridge this will be the Modern and Medieval Languages (MML) written test. Tutees work through proprietary questions and papers, as well as published specimen papers to help develop their language skills familiarise themselves with format and question type, and build confidence.

Interview technique - Tutees whose written application is successful will be called to interview. Oxbridge interviews are notoriously challenging and our tutorials help tutees meet these challenges. Tutees participate in mock interviews during which they tackle questions and scenarios pertinent to their chosen course of study.

We tutor in the comfort of your home, online (via Skype or FaceTime), or at the home of one of our specialist Oxbridge tutors, at a time that is most convenient for you.

Please note: we cannot guarantee an offer of a place at Oxford or Cambridge.
