

Back-pack sprayer (90 GBP)

Location **Yorkshire and the Humber, West Yorkshire**
<https://www.freeadsz.co.uk/x-591791-z>

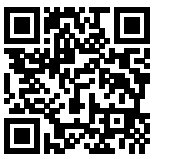

Cooper Pegler CP15 2000series. 15 litre capacity. Used it once, with great success, but I'm now fortunate enough to have a gardener with his own. This is what CP say about it:- For more than 2 decades the CP 15 has been the preferred sprayer by agricultural, horticultural and amenity users world-wide, as the most durable, robust and accurate agro-chemical applicator. Its unique diaphragm pump system assures many years of trouble free and accurate protection of your crops. The pressure control system simply releases the excess pressure and returns the overflow liquid to the tank.

Features:

Pressure limiter to adjust pressure for various spraying tasks. Robust and lightweight design Left/right hand operation High resistance GRP (Glassfibre Reinforced Plastic) lance adaptable for all types of nozzles Double filtration system to clean impurities before nozzle outlet All working parts mounted inside the tank to prevent damage Few moving parts and none are exposed to friction, thus ensuring resistance to dirt in the spray liquid Plus: wide filler hole to prevent overflow when filling.

Collection from Holmfirth. Could deliver locally (ONCE ITEM PAID).
