The Angel Investment Network platform helps entrepreneurs with great business ideas find the funding and guidance they need to grow their businesses and succeed. The biggest problem a budding entrepreneur faces is finding the right source of investment for their business; it is often not simply a question of the money but also where the money comes from. AIN connects entrepreneurs with a global network of nearly 100,000 investors so that they can find an investor with the right credentials and industry experience to grow their business.

Entrepreneurs register and submit a business proposal using a simple proposal template. Once they have created their proposal it is listed on the site for investors to analyse. There is a free novice package available to trial the service, but the paid Pro packages grant access to more features, greater exposure and ultimately a far higher success rate.

"We had previously struggled to raise consistent capital for our project. Once our pitch was live on the platform we received our first investor within 24 hours. We've since completed two rounds of funding through the site and have been very happy with the results!"

"I found an Angel in your network and we have started working towards a bigger project than I had asked for. I don't have the right words to express and appreciate the outcome from this initiative."
 Sicelo Kunene - CEO @ Organic Spaces
