

# Genuine Sinar P amp F lens panel - Top Hat aperture control - 10mm raised Copal No.

Location **West Midlands, Warwickshire**

I have a raised Sinar brand lens panel featuring Top Hat aperture control that used to hold my 180mm Symmar f5.6 lens in a Copal No.1 shutter. The lens was sold devoid of panel as the shutter was only partially functional.

The panel is fairly well used and it is notable that the ears no longer lock the aperture position setting.

Collection is possible from Stechford Birmingham, however postage is reasonable at £5 inc tracking and.
