We have a small aluminium lean-to greenhouse measuring approx 4ft x 2ft. Height at the back 5ft 6" Opening window at the top. Has been fixed to garage wall. It is fairly good condition and has a lot of life left in it. We have now outgrown it and are getting a larger one. It has thick plastic windows, not glass. Buyer would need to collect, as unable to dismantle. Perfect for someone just getting into gardening and wanting to grow their own tomatoes, cucumbers, peppers.
